**TRANSPORT TIPS:** As this service operates on a route basis, it is important for you to plan ahead. Bring a book, a snack or your lunch. All stops are at medical centers with waiting areas, comfortable seating and rest rooms. Some offer snack shops.

**IDENTIFICATION OF VEHICLES/PASSENGERS:** Each vehicle in the Philadelphia shuttle service will have a red placard on the windshield. This will enable you to easily identify the shuttle vehicle regardless of the county providing the service on any given day.

**PASSENGERS UNABLE TO MEET THEIR RETURN SHUTTLE:** If you are detained at your doctor's office and will not be able to make the departure time for your stop, you must call your county provider at the number listed above. They will make arrangements for you as soon as possible.
