### DAY ONE – Arrive in Seattle

Plan to arrive in Seattle by 2:00 p.m. for your transfer to the Crystal Mountain Resort in Mt. Baker-Snoqualmie National Monument. The Mt. Rainier Gondola takes us to the Summit House Restaurant for a welcome dinner. It is here that our first two volcanoes come into view, snow-capped Mt. Rainier and the impressive 12,281-foot Mt. Adams. (Dinner)

### DAY TWO – ♥ Mt. Rainier National Park and Mt. St Helens National Monument

Traveling along the eastern border of ♥ Mt. Rainier National Park, we make our way to our next volcano, Mount St. Helens National Volcanic Monument. We visit the new Visitor Center on the east side of the mountain for incredible views of the gaping crater and sky-blue Spirit Lake, which was devastated by the blast and is still partially filled with fallen trees. At the road's end is Windy Ridge where we enjoy a picnic lunch while taking in the views of the surrounding beauty. (Breakfast and lunch)

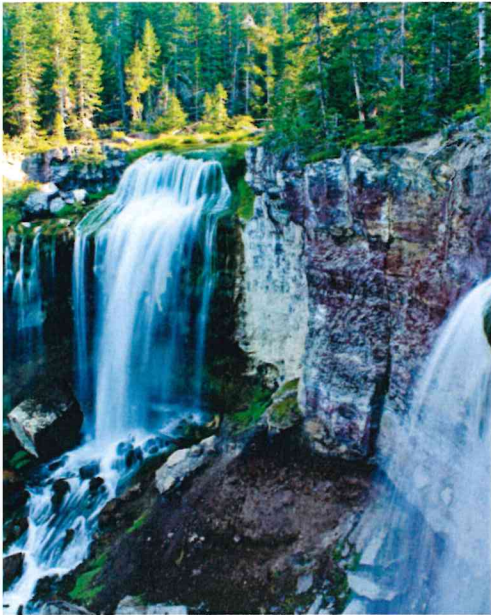

### DAY THREE – Columbia River Gorge and Mount Hood

In the glorious Columbia River Gorge we visit magnificent Multnomah Falls. Then we motor through the lush orchards of the Hood River Valley to our next volcano, impressive Mt. Hood. We take a guided tour of historic Timberline Lodge, a living museum of arts and crafts built during the 1930s and enjoy a delicious lunch in the lodge dining room. The afternoon features a sightseeing stop at the Peter Skene Ogden State Scenic Viewpoint for thrilling views of the adjacent Crooked River Gorge, before continuing to Bend. (Breakfast and lunch)

### DAY FOUR – Newberry National Volcanic Monument

For those keeping count, volcano number five, Newberry National Volcanic Monument comes into view today. Dating back half a million years the volcanic activity here includes Lava

Traveling the scenic Cascade Lakes Highway we pass our next volcano Mt. Bachelor. The highlight today is the truly impressive volcanic crater at the heart of ♥ Crater Lake National Park. Created by volcanic activity more than 6,800 years ago, rain and snow have filled the empty caldera to a depth of 1,932 feet of brilliant blue waters to form the deepest lake in North America. We follow the western rim drive for unmatched panoramic views of the lake, surrounded by mountain peaks and forest lands. (Breakfast and dinner)

At beautiful ♥ Whiskeytown Lake the visitor center and Crystal Creek Falls await. (Breakfast)

## DAY SEVEN – ♥ Lassen Volcanic National Park

Our final volcano is in ♥ Lassen Volcanic National Park. Although inactive since 1915, the geothermal activity is alive here with bubbling mudpots, boiling springs and hissing steam vents.
